No 5934/190

~~Bangalore~~, Mysore, 8 January 1898

From

H J BHABHA, ESQ,
Inspector General of Education in Mysore,

To

The Secretary to the Government of Mysore
in the General and Revenue Depts,
Bangalore

SIR,

I have the honour to submit the following proposals in connection with the Government Oriental Library at Mysore

2 Pandit Ratnam Kastur Rangacharlu, Travelling Pandit is a well known and erudite Sanskrit Scholar He has a thorough mastery over Sanskrit literature and philosophy and his services in the Library since its establishment have been invaluable His present pay is Rs 50 a month Having regard to his high proficiency I am of opinion that the pay he is now getting is much too small. Speaking of him in my memorandum dated the 17th March 1896 on the Supplemental Budget for 1896-97 I

said "Pandit Ratnam Rangachar who has been doing excellent work has been getting only Rs 50. Mr Chentsal Rao intended to give him good promotion which he richly deserves" I now beg to repeat my recommendation and propose that his pay may be raised from Rs 50 to Rs 100 by annual increments of Rs 10, and that he be given the first increment at once

3 A case worthy of similar consideration is that of Mr P G Narasimhachar, Librarian He has passed the language branches of the B A Examination, Knows Sanskrit well and is one of the ablest Kannada Scholars in the Province He is the Editor of a monthly journal entitled "Kavya Manjari" in which rare and important works in ancient Kannada are published He does the editorial work without any remuneration He is peculiarly well fitted for the Kannada work done in the Oriental Library The Curator says that he is doing a high order of literary work and is deserving of encouragement I strongly recommend that his pay may be raised from Rs 50 to Rs 100 by annual increments of Rs 10 and that he be given the first increment at once

4 The work of the Proof Reader whose pay is Rs 15 has of late increased very much The Curator recommends him for an increase of Rs 5 which I request may be granted

5 The peons of the Library are recommended by the Curator for a small increase of pay Their work and responsibility have largely increased since the addition of the art-ware department to the Institution The want of one more peon is also felt for the same reason I beg therefore to recommend that the three peons who get Rs 6 each and a sweeper who gets Rs 4 may each be given a rupee more and that an additional peon on Rs 6 may be appointed, as when the Curator and the Travelling Pandit go out on tour in search of manuscripts the present number of menial servants is found altogether insufficient

6 The foregoing proposals are summarised below

No	Present Scale	Pay	Proposed Scale	Pay	Increase	Rs
1	Travelling Pandit	50	Travelling Pandit	60	10	50—1
2	Librarian	50	Librarian	60	10	50—1
3	Assistant Pandit	25	Assistant Pandit	25		
4	Proof Reader	15	Proof Reader	20	5	
5	Menial Servants 3/6 + 1/4	22	Menial Servants 3/7 1/6 + 1/5	32	10	
					35	

7 I request that Government may be pleased to consider the above proposals favourably and accord sanction to them

OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE

Bangalore, Mysore, 26 April 1898

From

H J BHABHA, Esq,

Inspector General of Education in Mysore

To

The Secretary to the Government of Mysore
in the General & Revenue Depttˢ,
Bangalore

SIR,

With reference to para 1 of Order No 13111/28 7 31-96 dated the 14th April 1898, I have the honour to inform you that the collection of printed books and manuscripts for the Oriental Library is the least important work of the Curator and his staff It is to be expected that in the year in which the Library was first started more books and manuscripts should be purchased than in the subsequent years. Neither printed works nor valuable manuscripts can be found which are worthy to be added to the Library in large or increasing numbers

every year, and the choice made so far by the Curator, and his staff has proved satisfactory.

2. With reference to para 2 of the same Order, I beg to inform you that the lists referred to in paras 2 to 5 of Government Order C. No 89-103 dated 15th July 1891 were prepared long ago, some even before the Library was started. The libraries of Mathras within the Province have been catalogued, and a selection from the works contained in them will be published in the form of a catalogue with critical notices on the plan of Dr. Rajendralal Mitra.

3. The most important work which the Curator and his staff are doing is the editing and publishing of rare and valuable works chiefly Sanskrit. A list of the works already published, ready for publication and in progress is herewith enclosed. The collation of various manuscripts and the choosing of the best text or amendment of the current text are a kind of work requiring great

thought and judgment and can not be measured by statistics Both the Curator and Panditaratnam Kasturi Rangachar have done excellent work which is highly appreciated by Sanskrit scholars

Mr L G Narasimhachar has been doing the same kind of work with regard to old and unpublished works in Kannada that the Curator and Pandit Kasturi Rangachar are doing with regard to Sanskrit Works. Mr Narasimhachar besides doing the work of Librarian is editing a number of old Kannada works after collating several texts and publishing them for the first time in his journal called Kavyamanjari The works published by Mr Narasimhachar are given in the Review of Publications embodied in my Annual Reports He has done this work as a labour of love to save old Kannada works from perishing and if he had not been doing it it would have been incumbent upon Government to employ a specialist

for it But a better qualified man
than Mr Narasimhachar Govern-
ment would not have found.

Mysore

Sir,

With reference to your letter No 4905/1331 dated 9th Instant calling for my views on the several points raised in the Government Order No 7017 Ed 7 31-96, I have the honour to state that, since the Library was started and even after the retirement of Mr P Chentsal Rao C I E, I have been obtaining instructions both from the Dewan and Mr P Chentsal Rao in all matters of detail connected with the work of the Oriental Library The Dewan has laid down some general principles as to the selection of the works to be published in the Library Series, and manuscripts are collected and dealt with on a plan recommended by scholars who have been long engaged in the work Thus

what are these instructions are they in writing & the Hon'ble Dewan of them

I can't able to see the note of the Dewan laying down the principles hereof to [illegible]

the work of the Library is done on a settled plan and systematically. As to the quantity of work turned out in the Library, I can confidently state that it can compare favourably with that of similar institutions elsewhere

— the programme should be reduced to writing and ashed for by Govt

2 As regards para 2 of the order under reference, most of the manuscript works lost in the Palace fire are comprised in the Oriental Library collection either in manuscript or printed form or both, and steps are being taken to procure for the Library copies of other works also.

I am glad to learn this

3 As to the increases of salaries referred to in para 5 of the Government Order under reference I beg that my recommendations may be soon given effect to. Considering the high and varied literary work they have been doing and are expected to do and the many advantages of having experienced specialists on the staff, it is but fair that their pay should be made progressive as in the tutorial branch of the Educational Department

this could be done
